### BENEFITS FOR PROFESSIONALS

- + Compact, ergonomic design for comfortable handling
- + Tool-free depth adjustment for quick adaptation
- + Belt hook for convenient carrying
- + No-Mar Tip – prevents marks on delicate wooden surfaces
- + Dry Fire Lock when magazine is empty
- + LED-illuminated control panel
- + No cables, no hoses – complete freedom of movement
- + No gas, no follow-up costs
- + Low maintenance
- + Environmentally conscious and efficient
- + High firing rate for efficient operation

### DESCRIPTION

The BECK Cordless Brad Nailer 55 mm delivers the full performance of a pneumatic nailer – without hoses or a compressor. Ideal for precise furniture and interior finishing applications, it enables quick, clean fastening with complete cordless freedom. Its compact, ergonomic design, low weight, and compatibility with CAS batteries make it the perfect choice for professionals who value precision and efficiency on the go.

### APPLICATIONS

- + Glass strips
- + Floor strips
- + Concave strips  
Base / Ceiling strips
- + Decorative strips

### HANDLING

1. Press the magazine release button and open the sliding magazine completely
2. Insert the fasteners into the magazine sideways – the fasteners must point and rest on the bottom
3. Close the magazine until it clicks firmly into place
4. Slide the battery in the tool's handle until it is firmly seated
5. Press the power switch button to switch on the tool
