DESCRIPTION

FASCO® mattress pliers are powerful pneumatic tools that have been specially developed for fastening textiles, upholstery materials and mattresses. Thanks to their robust construction, they ensure secure and precise stapling, even with challenging materials. The ergonomic design allows for comfortable handling, while the reliable compressed air technology ensures high efficiency and durability. Ideal for use in the furniture and mattress industry.

F1B MATTRESS PLIER RANGE

APPLICATIONS

- Upholstered furniture, bedding applications and mattresses

HANDLING

1. Load staples from the bottom into the magazine
2. Connect air supply
3. Avoid a dry or dirty tool by lubricating, respectively cleaning regularly
