DESCRIPTION

The F21T SG-25A is a versatile medium-wire stapler designed for precision applications in furniture manufacturing and interior fit-out. Its long, narrow nose provides excellent visibility of the work area, enabling accurate staple placement even in hard-to-reach locations. The practical one-handed latch allows for fast reloading, ensuring efficient operation and reduced downtime. The tool is compatible with a variety of staple types, including BECK G 4450 and BECK 782 staples.

F21T SG-25A & F21T SG-25A ST
